MADE BY GERMAN TECHNOLOGY

### Non Absorbing Surface

With special resin, Vogel Quartz Sinks, which do not have an absorbent structure, are resistant to stains, chemical and oil etc. in case of contact with products.

### Hygienic

Because of special resin, Vogel Quartz Sinks, which have the maximum hygienic function, prevent 99.9% of bacteria and microbial growth due to its special structure which can remain hygienic for 24 hours.

### Maximum Resistance to Temperature

Because of the special resin, Vogel Quartz Sinks with maximum resistance to high temperatures maintain their quality for years without matting and staining.

### Maximum Resistance to Scratches and Shocks

Thanks to its special resin, Vogel Quartz Sinks, which are resistant to scratches and the most severe impacts, remain new for many years without cracking or deterioration.
